

Top 10 Things that I love About Our House

1. We have great neighbors. The development is a mix of all different ages but there are several families and lots of kids which makes it fun. There're always people walking and riding bikes.
2. There was a new trail at the end of the cul-de-sac behind Kelly's house that connects our development with the next development where there are several kids. The kids walk back-and-forth and it's easily accessible without going on the busy road.
3. I absolutely love and will miss hearing the frogs and crickets chirp at night. It is extremely peaceful and serene.
4. There are two cherry blossoms right outside the screened in porch that are absolutely gorgeous in the spring and they blossom both in white and pinkish purple they are unbelievable!
5. We have two apple trees on the side of our yard which I will miss picking apples and making apple crisp every fall.
6. The commute to Eau Claire is a straight shot. I work in Eau Claire and I only commute 30 minutes.
7. It's a four-minute commute to both the middle school and the elementary which is awesome when rushing to get kids to school in the morning. Also, as the kids have gotten older, they're able to ride their bikes with other kids around and up to the school.
8. You get the country feel but are only minutes away from downtown Menomonie.
9. The fenced in backyard has been such a blessing for our kids and two dogs as they are able to run about without having to worry about them getting out.
10. The floor to ceiling windows offer so much sunlight throughout the day and it's difficult to be in a bad mood when there is so much beauty surrounding.

**Updates to
N4926 572nd Street
